How to build your instruction set:

- (1) Enter your email address in the box provided. If multiple addresses are entered, they must be separated by commas, e.g. glu899@hotmail.com, bgtom@echolaw.edu

Include Annotations

- (2) Select to include annotations for the final instruction set build if desired
- (3) Expand or shrink each collapsible section as needed and make the selection of elements to be included in the final instruction set build using the checkboxes.
- (4) Change the order of the instruction elements if needed

- (5) Click  to finish

A compilation of your selections in Microsoft Word format will be emailed to you. If multiple email addresses were entered, a set will be emailed to each addressee.
